

ExaCC Cloud Migration Services

Eclipsys Case Study

The Healthcare Insurance Provider is an insurance and financial services company, headquarter in Winnipeg, Manitoba.

1 Why Eclipsys?

- The client wanted to reduce costs and improve the availability and agility of key applications
- They wanted to reduce their Oracle license spend and move from a CapEx to an OpEx Model
- Eclipsys was identified as the right partner to work with the client's team as a result of our deep Oracle Experience
- The client needed the expertise to build a highly available and redundant solution with the goals of reducing storage costs and operational management

2 Key Outcomes

- Architecture Design and deployment of ExaCC environment with HA/DR and Multitenant Database using best practices
- Migration of multiple key custom applications to the ExaCC with repeated Migration Plan
- Reduction in overall Oracle spend on Licensing
- Customized Training and support to the client
- Ongoing Elite Support of the new Cloud environment including Cost Management
